## **NHRC welcomes 10 Point Agreement and draws further attention**

It is well known that the NHRC has been persistently drawing the serious attention of the Government of Nepal, Election Commission and the concerned political parties to the sporadic incidents of human right violations in connection with the CA election in various parts of the country. Meanwhile, the Commission heartily welcomes the *10 Point Agreement* made today among the top leaders of the major parties viz. Nepali Congress, CPN ( UML) and CPN ( Maoists) amidst the increasing rate of political violence in order to control and minimize the incidents of electoral violence and likewise to build the coordination mechanism for it and to take legal action against the people involved in the violent activities as per necessity. Thus, the Commission, hereby, appeals to the concerned parties to appeal to their cadres to be tolerant with no further obstruction and hindrance towards the programs conducted by the either parties and to solve the problems through the medium of dialogue.

The Commission also urges the top leaders of the major parties to transform the understanding and agreement into practice and to appeal publicly to their party leaders, cadres and the party associated wings at their disposal to be tolerant and responsible to their fullest.

Meanwhile, expressing sadness towards the occurrence of violent incidents elsewhere in the districts in the districts of Kavrepalanchowk, Sindhupalchowk, Gorkha, Saptari, Dadeldhura including Tanahu, the Commission has commenced the activities of truth investigations and monitoring accordingly.
